| Margaret         | *Dawn in the Valley* by W Allan Wood of Muswellbrook 1972  
The book details the moving history of the early settlement in the great Hunter River Valley and its reaches. It is a history of events and conditions which affected the lives of all, including the local aborigines. However, it is mainly about the pioneer settlers who came to the area and, the hardships they encountered, in trying to survive in a somewhat dangerous and hostile land.
